

Workforce Connections

Your monthly digest of resources, events, and all things Workforce Development in Lancaster County

July 30, 2020 Issue VIII #NationalInternDay

Lancaster County Workforce Board seeks to support 100 paid interns with local employers!

Internships enable youth and young adult trainees to gain valuable experience by taking on real responsibilities in a company or organization

Check out our [video](#) created by interns working at LNP last year, about the CareerLink Paid Internship Program! Hear from employers such as the Common Wheel and Lancaster Recreation Commission on why they value this partnership.

YOUNG ADULTS

Are you looking for an opportunity to build your resume or gain experience?

Are you ambitious and want to explore career options?

Are you interested in making

EMPLOYERS

Do you have a worksite in Lancaster County?

Do you want to help our local Youth and Young Adults gain valuable work experience?

Do you need entry level employees

\$10.35/hr (minimum) for 10 -12 weeks?

Hear what one of our current interns has to say:

"...I am so thankful for this internship, especially in these unforeseen circumstances. This program allowed me to not only have a job during a global pandemic, but to also have a job that is in my field of study. If I had not entered the program, I would have had to find a generic job in retail or food that is not a career I want to pursue." ~ Samantha, Intern with Women's Adventure Travels

[Apply Today!](#)

but don't have the financial resources to hire right now?

Host an intern at your worksite paid by us!

Join many other employers such as Agape Care, Donegal Insurance, Hammond Pretzel, Lancaster Science Factory, Pet Pantry, Turkey Hill Dairies, Mt. Hope Retirement BCI, and more!

[Contact our Youth Business Services representative today to get started!](#)

Happy National Intern Day!!

Help us celebrate our very own special intern!

A special message from our very own Business-Education Partnership intern, Samantha Bretz: "While attending Millersville University I searched for an internship to gain experience that I knew I couldn't get from just sitting in the classroom. I definitely learned a lot and gained valuable skills both on a professional and personal level. I have also learned to build work relationships in a very professional manner that I will now be able to take with me on my next adventure and continue to grow and develop these skills."
