Business Description: Morgan Truck Body began its transportation legacy in Morgantown, Pennsylvania, on the site where Conestoga Wagons, the undisputed heavy-duty haulers of their day, were manufactured through the late 1800's.

Founded in 1952 as a small welding shop, Morgan grew from its humble beginnings to become today's recognized industry leader in truck body manufacturing.

With a foundation built on innovative design and quality construction, Morgan has experienced tremendous growth, resulting in the strategic acquisition and operation of manufacturing facilities and Authorized Service Centers across the US and Canada.

Morgan Truck Body - a business unit of JB Poindexter & Co, a privately held diversified manufacturing company, offers a wide variety of career opportunities, both internally and across the JB Poindexter & Co family of companies. We offer competitive salaries and attractive benefits including health, dental, vision, life insurance, disability plans, 401(k), paid time off, tuition reimbursement and more; and we pride ourselves on team-member development, performance recognition, and a culture of diversity and respect.

Whether you are just beginning your career or taking the "next step", learn how you can build the career YOU CHOOSE with Morgan Truck Body!

Knowledge, Skills and Abilities Needed. Experience has taught us that it takes the best team members in the business to build the best bodies in the business; and we are committed to sustaining a "culture" that recognizes the unique qualities that every team member possesses and rewards the ideas and efforts every individual contributes to our shared successes. Because the more we work together, the more we succeed, the more we become ONE Morgan.

Whether you are applying for your first job, returning to the workforce, or simply interested in a new direction—Morgan OPPORTUNITIES can take you where YOU want to go! In fact, Morgan provides the training you need to learn a skill, and the support that will help you advance to positions that satisfy your personal goals. And with manufacturing and Authorized Service Centers across the country, Morgan makes it possible to build a future in your current community, or at any of our locations across the U.S.
