Business Description: TURF TEQ is a leading manufacturer of professional grounds care equipment. For over 20 years we've been designing, manufacturing and selling rugged, reliable and versatile equipment that helps landscaping pros turn their valuable time into increased profits for their businesses.

Knowledge, Skills and Abilities Needed: Be a team player with flexibility - Be on time and ready to work.

Job Title: Assembler

Description:

Perform a variety of work in one of two basic areas: Assembly and Materials Handling
Candidate must have a limited degree of expertise in at least one of these two areas

Work from drawings, assembly prints, verbal instructions and other data to assemble a variety of components, sub-assemblies and complete machines. Work closely with the production manager and drafter to report any assembly issues or concerns. Communicate part and component requirements to meet customer order schedule. Build necessary machines to meet customer orders. Maintain required quality specifications and records for each completed assembly or machine.

Inform the appropriate supervision of faulty equipment, defective parts and materials and unusual conditions. Maintain work area and equipment in a clean and orderly manner. Follow prescribed safety and work rules.

Experience

Previous assembly experience or the willingness to learn assembly.

Basic Skills Required:

- Set up and operate a variety of assembly work areas
- Ability to read an assembly print or drawing
- Basic knowledge of common hand tools, wrenches, ratchets, sockets, drills, etc.
- Average physical effort lifting, moving or exerting the equivalent of lightweight handling tools & parts
- Ability to read a tape measure (+/- 1/32 and +/- 1mm)

Pay: Hourly rate is based on experience and ability.
