Fannin Construction Inc

FIND OPENINGS: <https://fanninconstructionllc.com/>

Business Description

Fannin Construction is a trusted leader in commercial and residential construction, delivering high-quality craftsmanship at a competitive price. With a focus on innovation and customer satisfaction, we specialize in project management, carpentry, drywall installation and finishing, painting, flooring, janitorial services, and more. Whether it's a large-scale commercial project or a home remodel, our experienced team is dedicated to providing exceptional service and true value. Led by John Fannin, a seasoned professional with extensive industry expertise, Fannin Construction is committed to excellence in every build.

Knowledge, Skills, and Abilities Needed

A successful candidate should have strong leadership abilities, a solid foundation in carpentry, and proficiency in reading and interpreting blueprints and schematics. They must possess hands-on skills in electrical, plumbing, cabinetry, and general construction, with the ability to manage residential projects from demolition to completion. Effective site management, problem-solving, and attention to detail are essential, along with a strong work ethic and reliability to ensure projects are completed efficiently and to high standards.

CAREER PATHWAY

**LEAD CARPENTER-
FOREMAN**
PAY: \$25.98-\$35.94 HR
DOE

Oversees construction projects, ensuring quality, safety, and adherence to project specifications. Responsibilities include supervising crews, interpreting blueprints, managing timelines, conducting inspections, and troubleshooting issues. This role requires expertise in carpentry, electrical, plumbing, and cabinetry, with the ability to complete kitchen and bathroom installations from start to finish. Strong leadership and problem-solving skills are essential.

CARPENTER/LABORER
PAY: \$18-\$22 HR
DOE

Assists with a variety of construction projects, including commercial and residential work. Responsibilities include performing manual tasks, supporting skilled workers, and occasionally operating machinery. This role requires a strong work ethic, the ability to work under pressure, and a willingness to learn new skills.
